Submission for Team Abhiyaan
====================================

Name:

Harish Prasanna V

Roll no:

ED21B027

Previous Experience:

- Placed first in Velemmal Robotics Championship-2016
- Placed among Top-10 in freshie Design Challange-2022
- Participated in events conducted by the electronics club in TechSoc-2022

Current PORs:

None

Why I want to work in the team:

I think the idea behind self-driving vehicles is excellent, and I would like to be a part of the team spearheading autonomous ground navigation system development in India. I want to meet a lot of new people knowledgeable in different domains and learn from them.

Relevant Courses:

In Institute:

- **ED1021:**
  0

Online:
